

## NINIS EZINE - April 2020 Edition

Due to the ongoing impact of the Coronavirus (Covid-19), it may take us a little longer to answer our helpline than normal. We will continue to respond to queries by e-mail ([info@nisra.gov.uk](mailto:info@nisra.gov.uk)).

NISRA also anticipate that there will be some changes in terms of regular statistical production. The current disruption could affect the quality of some of NISRA statistics, such as lower accuracy, or it could mean there is less detail available, such as fewer local and regional breakdowns. Further information on this is available on the NISRA website:

<https://www.nisra.gov.uk/news/covid-19-and-production-statistics>

An information page has been created on the NISRA website which will be populated with links to NISRA statistics relating to Covid-19:

### Section 75 Information Paper

Last year, we worked with the Equality Commission for Northern Ireland to deliver training on accessing NISRA Population Level Section 75 data. We also put together a short information paper for users which highlights Section 75 that is available through the NINIS website and how to access it. This paper is available on the NISRA website:

Users should be aware that this data is updated regularly and the most up to date data is available on the NINIS website: [www.nisra.gov.uk/ninis](http://www.nisra.gov.uk/ninis).

## Area Profiles

### Economic Statistics

Economic Area Profiles provide some high level statistics on the Economy, Labour Market, Businesses and Tourism. NI and Local Council (LGD2014) Economic Area Profiles were updated in February 2020 with the most up to date data.

### Making Life Better

The Making Life Better Strategy provides direction for policies and actions to improve the health and wellbeing of people in Northern Ireland. A set of key indicators has been agreed and can be viewed within the Area Profiles.

Making Life Better Area Profiles have been updated with the latest data including at NI, HSCT, Local Government District (LGD2014), Assembly Area and District Electoral Area (DEA2014) level.

### Neighbourhood Renewal

36 urban neighbourhoods across Northern Ireland have been designated as Neighbourhood Renewal Areas (NRAs). These communities are experiencing the highest levels of deprivation and are the focus of urban regeneration programmes.

Neighbourhood Renewal Area maps and Area Profiles have been updated with the most up to date data. Northern Ireland Multiple Deprivation Measure 2017 Indicators for Neighbourhood Renewal Areas have also been added to the NINIS website.

## Training Workshops

Due to the ongoing impact of COVID-19 our Headquarters at Colby House are closed to the general public until further notice. In addition, due to social distancing measures we are unable to provide any face-to-face training.

User guides and e-learning website tutorials are available in the [Learning Zone](#) on the NINIS website. You can also contact the [NINIS Customer Service Team who will gladly help you with any issues/queries you may have.](#)
